ATTEND TODAY, ACHIEVE TOMORROW

GOOD SCHOOL ATTENDANCE MEANS...

ELEMENTARY STUDENTS

read well by the end of third grade

MIDDLE SCHOOLERS

pass important courses

HIGH SCHOOLERS

stay on track for graduation

COLLEGE STUDENTS

earn their degrees

WORKERS

succeed in their jobs

Too many absences—excused or unexcused—can keep students from succeeding in school and in life. How many are too many? 10% of the school year—that's 18 missed days or 2 days a month—can knock students off track.

P-EBT UPDATE

The NM Human Services Department has established [the Yes New Mexico portal](#) where parents and School Food Authorities (SFAs) can now access student information on the Pandemic-EBT program. Through the portal, parents and SFAs can look up their students' information and validate, update or change their address or request a new P-EBT card. A student ID number and some additional identifying data are required for access.

Drug Prevention Tips for Any Age

As a parent, you are the biggest influence in your child's life and having open, honest conversations is one of the most powerful ways to connect with your kids and help them develop into healthy adults. When addressing some more challenging topics – like nicotine, alcohol or drugs – it's not about having a one-time "drug talk," but rather tackling the subject through more frequent, organic conversations that evolve as your child gets older. Some things to keep in mind:

Keep lines of communication open and make sure you come from a place of love and compassion – even when you're having tough conversations.

Balance any consequences with positive encouragement.

Frequent touch points and teachable moments come up all the time – use these as natural opportunities to discuss substance use.
