SENIOR

FUNDRAISER

El Camino Real Academy fundraiser starts today, and we need your help. Seniors usually fundraise quite a bit, but it has been next to impossible due to the pandemic. Our goal is to raise at least \$1,500 to support our Senior's graduation and activities.

It's as simple as 1, 2, 3!

1. Register (under student's name) at <https://www.shopfund.com/>
It is important to register to get proper credit for your sales and it makes it much easier for your friends and family to shop.
2. Share custom student support links with family & friends.
3. Student Goal: 5 Online Supporters.

REGISTER-SHARE-WIN: Sharing gets you tickets for chances to win over \$100,000 in instant prizes.

On behalf of the Seniors and the staff at El Camino Real Academy, thank you for doing your part to make our fundraiser a success.

This fundraiser is completely online. Payments will be made through the fundraiser site and products will be delivered straight to the homes of the customers. Seniors will earn 40% of the profits from sales they earn themselves. Students in K-11 will help earn 20% of their profits for seniors and 20% for their classroom. Earnings will be sent directly to ECRA to be disbursed to the Seniors activity account and the K-11 classroom activity accounts that participated.

ECRA STUDENT DAILY COVID-19 QUESTIONNAIRE

(if you choose in-person learning)

Each day before sending your child to school, please review the following questions regarding your child's health.

If you answer yes to any of the questions:

Please do not send your child to school. Contact a medical provider or call the COVID Hotline at 855-600-3453, then call the health office at ECRA.

Questions for ECRA Students Before They Go to School

1. Does your child currently have a temperature of over 100.4 degrees?
2. In the past 24 hours, has your child experienced:
 - Sore throat, runny nose, congestion
 - New frequent, dry cough (for students with documented chronic allergies/asthma, a change in baseline cough)
 - Shortness of breath or difficulty breathing
 - Diarrhea, vomiting
 - Loss of taste or smell
 - New onset of headache
 - Fatigue or muscle or body aches
3. Has your child recently been in close contact with anyone who has exhibited any of these symptoms?
4. Has your child recently been in contact with anyone who has tested positive for COVID-19?

Reviewing these questions daily and making good decisions can help us prevent the spread of COVID-19.
