# Message from the Nurse

## IS MY STUDENT TOO SICK TO COME TO SCHOOL?

Each day before sending your child to school, please review the following regarding your child's health.

If any of the following apply, please do not send your child to school. Please call and report the illness to the office at ECRA. If you are unsure about your child's symptoms please contact the health office for guidance.

- Vomiting in the last 12 hours
- Diarrhea three or more times in the last 12 hours or new onset diarrhea
- Airway infection (cold/cough/runny nose). This is especially important for those who are unable to manage their own body fluids or wear a mask consistently.
- Extreme tiredness and/or lack of appetite
- Fever of 100.1 or higher in the last 24 hours (must be fever free for 24 hours without fever reducing medications before returning to campus)
- New onset headache
- Body aches
- Untreated earache
- Unexplained sore throat
- Untreated tooth or mouth pain
- Undiagnosed or unknown rash or skin condition (a rash that has not been seen or treated by a health care provider)
- Any of the above symptoms with fever or chills

## COVID PREVENTION

Has your child recently been in contact with anyone who has tested positive for COVID-19?

Has someone in your household tested positive for COVID?

Is your child sick and you would like them to be tested for COVID?

Reviewing these questions daily and making good decisions can help us prevent the spread of COVID-19.

If any family has a positive case of COVID-19, or you answer yes to any of the above questions, please contact the school nurse at 505-510-1802 or [karin.luzzi@ecracharter.org](mailto:karin.luzzi@ecracharter.org) as soon as possible.

**Thank you for helping keep our school community safe and healthy.**
